Submitted to His Highness.

Owing to seasonal conditions, the rise in prices and the congestion of railway traffic, it has become necessary to control the external trade in essential food stuffs, large quantities of which are said to be exported daily from the districts of Mysore, Shimoga and Chitaldrug. We have now issued orders to regulate exports by rail but not to control the traffic by road. It is therefore deemed necessary to regulate this traffic by requiring that important food stuffs shall not be exported by road except on the production of licenses issued by the Deputy Commissioner of the District, or other officer authorised by him. Absolute prohibition is out of the question as it may lead, among other results, to retaliation from other provinces and there is no desire to unnecessarily interfere with free trade except to the extent of guarding against depletion of food stuffs in the State.

Proceedings of the Government of H. H.
the Maharaja of Mysore.

R.P. 66-18 Secret

****

Order No. G. 2714-26

Dated Bangalore, the 6-8-1918.

It has been brought to the notice of Government that large quantities of food-grains are being exported from the State by road especially from the frontier Taluks of the Mysore, Shimoga and Chitaldrug Districts. The South-west Monsoon having so far failed this year, the situation has become one of some anxiety. Added to it, is the difficulty caused by the rise in the prices of food-grains. There ~~is~~ are also ~~great~~ impediments to the free import of articles of food from outside the State on account of the congestion in Railway traffic.

2. Government therefore consider it ~~very~~ necessary to ~~impose restrictions on~~ control the unlimited export of the principal food-grains so as to guard against a possible depletion of stocks required for use in the State. They are accordingly pleased to ~~prohibit~~ direct that the - - export of the marginally noted food-grains from the State, ~~except on~~ Check be prescribed by rules under licenses issued therefor by the Deputy Commissioners of Districts or other officers authorised by them, such as, ~~the Amildars of the Taluks concerned~~ Sub-Division Officers in the case of exports by road, and on licenses issued by the Director of Civil Supplies and Controller of Prices in Mysore - in the case of exports by rail. The licenses will be issued by the officers ~~sparingly~~ afte

Paddy,
Rice,
Ragi, and
Cholum.

after they are satisfied that the export is urgently required at the place of import, that it is not abnormal and will not act prejudicially to the interests of the locality ~~concerned~~ export or of other parts of the State to which food-grains were usually transported therefrom in the past.

3. To watch against unauthorised expo of such articles and also with the objec of securing correct statistics of export and imports by road, it will be necessary to locate Ookads with necessary establis ments at the frontier on all the princip highways leading outside the State and t Revenue Commissioner is requested to tak immediate steps to establish such Ookads.

The cost involved will be met by reappropriation of funds in the budget of the Industries & Commerce Dept, an addl grant being sanctd. later on, if necessary.

4. The Revenue Commissioner is also r quested to submit a report within a fort night of the action taken in the matter together with information about the establishment required for the purpose, which he may entertain in anticipation of sanction. He is further requested to impress on all the local officers the need for the exercise of great tact in dealing with the situation.

The First Assistant to the Hon'ble

the Resident in Mysore.

S i r,

I am directed to address you on the question of ~~imposing restrictions on~~ Controlling the export of food-grains from the State.

2. The South-west Monsoon has so far failed this year, dry crops have not yet been sown in many places in the State and where they have been sown, they are said to be withering for want of rain. The present situation is, therefore, one that gives room for considerable anxiety. Super added to it is the enormous difficulty created by the rise in the prices of food-stuffs, and then on account of the con - gestion in railway traffic, there is great impediment to the free import of articles of food from outside the State.

3. In these circumstances the Durbar consider that it is their duty to do all they can to conserve, as far as possible, the stock of food-grains in the State and to see that no avoidable depletion of - - stocks takes place. They are given to understand that large quantities of such grains are being exported by road and by rail from the State to outside places, especially from the Districts of Mysore, Shimoga and Chitaldrug. It appears neces sary therefore that measures should be adopte to ~~impose restrictions on~~ regulate the export of

grains

grains from the State.

4. So far as traffic by railway is con - cerned, the issue of priority certificates affords some regulation, but it is felt that this is not adequate and that greater direct control is necessary. In regard to export by road, which is under no sort of regulation at present, immediate action is necessary. The Durbar therefore propose to take steps to regulate the traffic both by road and by rail and with this object to issue an order that ~~no~~ food-grains ~~should be exported~~ from the State ~~except~~ under licenses issued by competent authority.

5. The Durbar will, ~~however~~, be ready to allow exports of food-grains to places where they may be urgently required, to such - - extent as may be possible, after a due consideration of the needs of the State. They also desire to have facilities for import whenever such import is necessary. The proposed restrictions are mainly intended to stop abnormal exports and to obviate cross traffic either immediate or in the near future.

6. In these circumstances, I am to request you to be so good as to move the Hon'ble the Resident to apprise the Government of India of the action which the Durbar are obliged to take. The Durbar realise tha the prohibition of inter-provincial and inter-state traffic by Provincial and State Governments is likely ~~to~~ to be attended with certain disadvantages as pointed out in the

(2)

the telegram dated 24th June 1918 from the Central Transport and Foodstuffs Board, received with your letter No. 4575 of the 26th Idem, and they feel that in a matter of this great importance there should be arrangements for co-ordinated action to safeguard all interests involved. The Durbar on their part, will be quite prepared to co-operate in any suitable scheme that may be formulated to ensure such co-ordination.

DIARY NO. 3088

1918-19

P. C.

Dear Mr Balasundaram Ayr

I am in receipt of your No.G.2795-97/P.p 66-18 dated 7th August 1918 forwarding a responsibility sheet in respect of the action to be taken regarding the exports of food grains from the State.

With regard to (1) establishment of Ookads --- instruction have been issued to the Deputy Commissioners to take immediate action for the opening of Ookads at such frontier road-side stations as they consider necessary and a report will soon be submitted to Government giving a list of the Ookads, the dates from which they are opened and the establishment entertained in respect of them. In respect of some of the Ookads it may be necessary to provide temporary buildings for them. The Deputy Commissioners have also asked for some contingent charges for oil and petty stationery for the Ookads. I shall send an estimate for their requirements in this respect on receipt of full information from the Deputy Commissioners.

As regards the issue of licenses, it seems to be ~~very~~ desirable ~~necessary~~ that confidential instructions should be issued to the Deputy Commissioners defining the policy of the Government in this respect so that there may be co-ordination between their procedure and that of the food controller who issues the licenses for export by Rail. It is also necessary that the form of licenses to be issued should be prescribed and that books of printed forms should be supplied to all license-issuing officers. Instructions will also have to be given as regards the forms of return to be submitted by the license-issuing officers, by the

officers in charge of Ookads and finally the Deputy Commissioners. As these matters are outside the scope of the Revenue Commissioner's functions, I presume that Government will be taking necessary action in respect of these and other matters and that the food controller will obtain the returns of the export by road directly from the Deputy Commissioners and incorporate them in his returns to Government, my responsibility being confined, as I was given to understand at the meeting of the 2nd instant, only to the opening of the Ookads and to exercising a general supervision over the establishment entertained therefor.

2. As regards the taking of census of stocks of food grains, the Deputy Commissioners whom I consulted have generally approved of the proposal to collect the statistics through the agency of the village officers. A draft order in this respect has been already prepared by me and Mr. Ranganatha Rao Saheb and sent to you and I am waiting for the orders of Government on it to take further action. The forms to be supplied to village officers have got to be printed in large numbers (to the extent of nearly 50,000) and it is not possible therefore to go furthe ahead until the Government have given their approval to the forms submitted with the draft.

Yours sincerely,
C. R. Srinivasan

CIRCULAR MEMORANDUM.

With reference to Government Order No. G.2714-26 P.P. 66-18-1 dated 6th August 1918 directing that the export of

Rice, paddy, ragi & cholam

the marginally noted food-grains from the State should be permitted only under licenses issued therefor, the following subsidiary instructions are issued regarding the principles ~~etc.~~ to be ~~observed~~ followed in the matter of granting licenses.

1. Exports should be permitted only to the extent absolutely necessary but not in excess of the volume normally exported in previous years, as far as it can be ascertained by local enquiry & otherwise.

2. The export should be restricted to the quantity actually collected and got ready for export.

3. Exports should be made within a week of the issue of the linences, after which the licenses will have no effect.

4. As there appears to be an impressi that trade in Santhes is prohibited, it should be widely made known that no such restriction exists and that trade may be carried on as freely as usual. Only large exports outside the State are ~~regulated~~ to places beyond British India.

5. No licenses need be required for quantities not exceeding 1 palla at any one time.

6. Licenses for export by road will be issued in the appended Form 'A'. They will be printed in Kanarese in triplicate ~~by a machine numbered~~. One copy will be retained in the office of issue, another copy will be sent to the

34

applicant and the 3rd copy to the frontier ookad from which the export is allowed. The license will not be transferable. The licensee should present the license along with the consignment at the Frontier Ookad Station concerned. The Ookad staff will roughly verify that the quantity exported does not exceed that set forth in the licese and allow the consignement to pass. One copy (duplicates) of the license will be filed in the Ookad with the date of the transmission of the consignment noted thereon and the other copy (triplicates) with a similar endorsement ~~will be~~ returned to the office of issue. Consignments which are not covered by licenses should not be allowed to pass but the owners or persons in charge thereof should be asked to obtain the necessary license therefor. Care should be taken to see that no unnecessary obstruction to traffic or oppression to people is caused by the Ookad Staff. The Amildars of the Taluks concerned should devote particular attention in this respect and pay surprise visits to the Ookads and check the work there. Complaints received should be enquired into without any delay and ~~serious~~ suitable notice taken of the conduct of the delinquents.

7. ~~The~~ Deputy Commissioners of Districts are requested to furnish in Form 'B' a fortnightly return of licenses issued by them and the officers authorized by them, to the Director of Civil Supplies within a week of

the close of the fortnight. The latter officer will submit a consolidated statement to Government within a week thereafter, incorporating therewith the statistics regarding licenses issued by him for export by rail.

8. It is very essential that the returns prescribed should be submitted with the greatest regularity and punctuality as no useful purpose will be served by the receipt of belated reports. The Revenue Commissioner will exercise a general supervision over the arrangements made and the establishments employed in the Districts for this purpose.

9. The Superintendent Government Press is requested to print and supply the requisite number of forms on indents received from the Deputy Commissioners and the Director of Civil Supplies the work being treated as extremely urgent.

10. Separate instructions will issue regarding the collection of general Statistics of exports and imports in these Ookads.

Re the opening of an additional Ookad to effectively control the traffic between Anekal and Mattigere and the shifting of the one at Attibele to a suitable place on the Hosur Road.

National Press, Bangalore. 2,000—18 12-1917.

Docket No.C.611/Gl.18-19 dated 8th November 1918 from the Revenue Commissioner in Mysore, to the Deputy Commissioner, Bangalore District.

Has the honor to state that it was observed at the inspection by the 2nd Member of Council on the 6th instant of the Attibele Ookad located at the junction of the Bangalore-Hosur Road and Anekal-Sarjapur Road, that it cannot effectively control the traffic in food grains on both the Hosur and Mattikere Roads as the traffic going from Anekal to Mattigere will not pass through the Ookad and as there is nothing to prevent grains being taken by the Attibele people ostensibly to their village and their being passed on surreptitiously to Hosur or other places beyond the frontier. The Deputy Commissioner is therefore requested to have the Ookad at Attibele shifted at once to a suitable place beyond the Attibele on the Hosur Road and as near to the frontier as possible and also to arrange to have another Ookad opened at once either at the Taluk frontier on the Attibele-Mattigere Road or at the junction of the Anekal-Attibele and Anekal-Mattigere Roads so as to effectively control traffic between Anekal and Mattigere.

2. If no suitable buildings are available for the Ookads at the places proposed above, temporary sheds may be put up at a cost not exceeding Rs. 50/- ~~per~~ each.

3. The date from which the arrangement suggested above is given effect to may be reported together with the particulars of the establishment entertained for the additional Ookad.

The First Assistant to the Hon'ble
the Resident in Mysore.

S i r,

I am directed to address you on the question of imposing restrictions on the export of food-grains from the State.

2. The South-west Monsoon has so far failed this year, dry crops have not yet been sown in many places in the State and where they have been sown, they are said to be withering for want of rain. The present situation is, therefore, one that gives room for considerable anxiety. Sup added to it is the enormous difficulty created by the rise in the prices of food stuffs, and then on account of the ~~serious~~ congestion in railway traffic, there ~~are~~ is great impediments to the free import of articles of food from outside the State.

3. In these circumstances the Durbar consider that it is their duty to do all they can to conserve, as far as possible, the stock of food-grains in the State and to see that no ~~unnecessary~~ avoidable depletion of Stocks take place. They are given to understand that large quantities of such grains are being exported by road and by rail from the Sta to outside places, especially from the ~~frontier~~ Mysore districts of Shimoga and Chitaldrug. It appears necessary therefore that measures should be adopted to impose - - restrictions on the export of grains from the State.

Reel

4. So far as traffic by Railway is concerned, the issue of priority certificates affords some regulation, but it is felt that this is not adequate and that greater direct control is necessary In regard to export by road, which is - - under no sort of regulation at present, immediate action is necessary. The Durbar therefore propose to take steps t regulate the traffic both by road and by rail and with this object to issue an order that no food-grains should be exported from the State except under licenses issued by competent authority.

5. The Durbar will, however, be ready to allow exports of food-grains to places where they may be urgently re - quired, to such extent as ~~is~~ maybe possible, after a due consideration of the needs of the State. They also desire to have facilities for import whenever such import is necessary. The proposed - - restrictions are mainly intended to ~~restrict~~ check the profiteering tendencies of middlemen, who, quite regardless of local needs, attempt to take full advantage of the present situation.

These proposed restrictions are mainly intended to stop abnormal export to obviate cross traffic either immediate or in the near future.

6. In these circumstances, I am to request you to be so good as to move the Hon'ble the Resident to apprise the Government of India of the action which the Durbar are obliged to take ~~in the circumstances~~. The Durbar realise that the prohibition of inter-provincial and

inter-state traffic by Provincial and State Governments is likely to be attended with certain disadvantages as pointed out in the telegram dated 24th June 1918 from the Central Transport and Foodstuffs Board received with your letter No. 4575 of the 26th Idem, and they feel that in a matter of this great importance there should be arrangements for co-ordinated action to safeguard all interests involved. The Durbar on their part, will be quite prepared to co-operate in any suitable scheme that may be formulated to ensure such co-ordination.

I have, etc.,

Chief Secretary to Government.
